

REPORT OF FINDINGS

Description of Goods &/ or Services:	Partially damaged 192 houses (Tsunami Project)
Client:	Children Action Rue de La Terrassiere 14 1207, Geneva Switzerland
Place of Inspection:	Seenigama, Hikkaduwa, Sri Lanka.
Dates of Inspection for Houses:	25 th May 2006 to 08 th September 2007
Service Required:	On-site supervision, monitoring works in progress, quality & timing of construction, allocation of houses vs. designated beneficiaries

On instructions received from Children Action, through SGS Aid Efficiency Services in Geneva, we attended at the above place of inspection in order to monitor the partially damaged 192 houses

From commencement to completion of the reconstruction process, we inspected from time to time these 192 houses. Based upon our inspection findings we confirm compliance with the specifications provided by the client.
